GIOVANA VIEIRA DE MORAIS

@ giovana.vmorais@gmail.com   📍 São Paulo, Brazil   ⌨ github.com/giovana-morais

EXPERIENCE

Backend Developer
Gympass

📅 December 2019 – Now   📍 São Paulo, Brazil

- Microservices development
- Monolith maintenance and adaptation
- Stack: Ruby on Rails, Scala, AWS console, DynamoDB, MariaDB

Machine Learning Developer Assistant
Stattus4

📅 January 2018 – November 2019   📍 Sorocaba, Brazil

- Digital Signal Processing and Music Information Retrieval studying for Machine Learning applications
- Building and validating different Machine Learning and Deep Learning approaches for audio classification, using Tensorflow and Keras
- Evaluation of developed models
- Developing Machine Learning classifiers to ESP32 boards
- Stack: Python (mostly NumPy, Pandas and librosa), C, SQL Server, GCP and Linux

STRENGTHS

Hard-working   Communication skills   Responsible
Time Management   Curious   Fast learner

INTERESTS

- Technology
- Machine Learning
- Music
- Science
- Volunteering

MY LIFE PHILOSOPHY

"I have no special talent. I am only passionately curious." – Albert Einstein
